

Broyles Up-date

Terry made it to the States in time to visit his sister who was dying, and was able to share the gospel with her numerous times during the 3 hours he spent by her hospital bed. She passed away later that night. Now he requests prayer as he helps his niece to deal with various legal and personal matters. He will be returning on the 21st.

We are pleased to report that the Bible Conference in Sorocaba went well, and the pastor recently sent an e-mail telling us that they have seen fruit from the preaching and teaching on evangelism and discipleship.

Two Saturdays ago the young people showed the movie *Courageous* and invited friends to watch it and eat pizza. Several youth who have begun attending church services were present, and were welcomed by the group.

God has blessed in that some new families, several from the Bible studies, are becoming faithful to at least the Sunday night services. [Tadeu and Josiene](#) are also coming to the Wednesday night prayer meeting! [Sr. Frank](#) (unsaved) even came by himself when his wife, [Nici](#) (saved), needed to be at the hospital with her brother. [Tiago and Diane](#) are attending faithfully too!

Thursday is a holiday, so our young people and the young people from Sorocaba are joining in an "all-nighter" at our church. Friday they will be singing in a nursing home and there will also be a preaching service there.

All the end-of-the-year activities and programs are coming fast upon us. As you enter your own busy season with prayer, we ask that you lift us up as well for, "We are bound to thank God always for you, brethren..."! (II Thes. 1:3)
